STATE OF THE WORLD'S CHILDREN

"Choosing not to provide the earliest care for all children is the costliest mistake of all". This quote comes from the 2001 edition of "The State of the World's Children", a report published by UNICEF, which on this year's study, looks at early childhood development worldwide. In this edition of **World Chronicle**, Carol Bellamy, UNICEF's Executive Director, talks about what happens during the earliest years of a child's life.
